

**GREATER PORTLAND TRANSIT DISTRICT  
Fluids and DEF with Supply Tank  
BID # 2022-03**

**ADDENDUM # 3**

**Questions Received: May 10, 2022  
Posted: May 11, 2022**

The following questions have been asked regarding this bid. Please see the answers below:

**Q:** Contract A – Allison fluid requirements are stringent. Does the product need to meet the current backwards compatible Allison TES668 spec? If not, which Allison requirement needs to be met?

**A:** Allison transmission needs to meet the TES668 spec

**Q:** Contract B – Is the antifreeze product required to be Nitrite Free (NF) OAT? Or is a NOAT product required?

**A:** This product needs to be Nitrite free

**Q:** Contract D – 75w-90 – Is the request for a full synthetic or is a Semi-Synthetic acceptable?

**A:** The request is for full synthetic

**Q:** Contract E – 15w-40 - Does this product need to meet the current backwards compatible API CK-4 specification?

**A:** 15w-40 needs to meet current compliant API-CK-4

**Q:** Will there be any consideration for price increase or decrease due to the market conditions?

**A:** This contract is for a three-year term. Due to market price volatility, we may accept a not to exceed the Producer Price Index (PPI) on awarded contracts, when we are notified sixty to ninety days ahead of time. If the increase with the PPI is accepted it will be based upon the U.S Bureau of Labor Statistics guidance on each category specific index.

**Please note** – Here attached is our **DBE Participation Form**. This must accompany your bid response.
