# **Ridership Committee**

October 18, 2023 | 4:00 – 5:30pm

#### **Onsite:**

Greater Portland Transit District 114 Valley Street, Administration Conference Room | Portland, ME 04102

#### Remote:

Please click the link below to join the webinar: https://us02web.zoom.us/j/83891311302?pwd=bUpsRk9JU3A2djVhOGZuMUp5UVROQT09 Webinar ID: 838 9131 1302| Passcode 950935 | Phone: (301) 715-8592 | Telephone participants: \*9 to raise hand, \*6 to unmute

#### **MEETING AGENDA**

AGENDA ITEM	PRESENTER	ACTION or INFORMATION
1. Call Meeting to Order (4:00)	Hope Cahan, Chair	N/A
2. Public Comment (4:00-4:05)	Hope Cahan, Chair	Information
The Metro Board's Ridership Committee welcomes public comment for items not listed on this agenda at this time. For items listed on the agenda, the chair will allow members of the public to comment following staff presentation. There is a <i>three-</i> <i>minute time limit</i> per citizen at each point. (Comments will be paraphrased in the meeting minutes)		
3. Approval of Meeting Minutes (4:05-4:10)	Hope Cahan, Chair	ACTION
Review and approve the minutes from the September 2023 meeting of the Ridership Committee.		
4. Gorham-Westbrook-Portland Rapid Transit Study (4:10-4:35)	Mike Tremblay,	Information and
GPCOG staff will present the Gorham-Westbrook-Portland Rapid Transit Study for discussion. If appropriate, staff may ask for the	Transit Dev. Director	possible <b>ACTION</b>
Committee's recommendation for the full Metro Board to endorse the plan.	Chris Chop, GPCOG	
5. Ridership and Fare Revenue Update (4:35-4:45)	Mike Tremblay,	Information
Staff will provide information on ridership, including preliminary data on recent service improvements and the upcoming end of the Fare Deal promotion.	Transit Dev. Director	
6. Capital Improvement Plan (CIP) Update (4:45-4:55)	Mike Tremblay,	Information
Staff will provide information on the Capital Improvement Plan that will be presented as part of Metro's preliminary budget proposal at the October Board meeting.	Transit Dev. Director	

<b>7. ARPA Service/Projects Update (4:55-5:05)</b> Staff will provide an update on the status of ARPA-funded service improvements and capital projects.	Mike Tremblay, Transit Dev. Director	Information		
8. Consideration of 2024 Service Changes (5:05-5:20) Staff will present a preliminary discussion on possible service changes related to underperforming route segments and budget capacity for 2024.	Mike Tremblay, Transit Dev. Director	Information		
<ul> <li>9. Future Agenda Items (5:20-5:25)</li> <li>Gorham-Westbrook-Portland Rapid Transit Study (October 2023)</li> <li>Partnering with bicycling entities, including Portland's proposed bicycle sharing program (November 2023)</li> <li>Bus shelters and bus inventory</li> <li>Microtransit and Route 7 improvements</li> </ul>	Hope Cahan, Chair	Information		
<ul> <li>10. Upcoming Meetings (5:25-5:30)</li> <li>Board of Directors – October 26, 2023</li> <li>Finance Committee – November 1, 2023</li> <li>Executive Committee – November 8, 2023</li> <li>Ridership Committee – November 15, 2023</li> </ul>	Hope Cahan, Chair	Information		
11. Adjournment (5:30)	Hope Cahan, Chair	N/A		

As of November 9, 2022 Greater Portland Metro is holding meetings of the Board of Directors (and its committ4ees) in hybrid format, both in person at Metro's offices and via webinar. The remote portions of all meetings are conducted in accordance with the requirements of <u>Metro's Remote Participation Policy</u> (adopted August 25, 2022) as well as LD 1772, PL 2022 Ch. 666, and 1 MRSA Chapter 13, Subchapter 1.

September 20, 2023 | 4:00pm -5:30pm

# DRAFT

#### Draft Minutes of the Metro Ridership Committee Meeting Wednesday, September 20, 2023 from 4:00-5:30 PM

#### **Onsite:**

Greater Portland Transit District, 114 Valley Street, Conference Room A | Portland, ME 04102

Committee Members Present:	Non-Committee Board Members present:
Hope Cahan (Chair)	None
Ed Suslovic	
Pious Ali	Staff and Others Present:
Bill Rixon	Greg Jordan, Executive Director
Prosper Lohomboli	Mike Tremblay, Transit Development Director
	Glenn Fenton, Chief Transportation Officer
Committee Members Not present	Members of Public:
Andrew Zarrow, Portland	Linda Knight, Old Port resident
Bill Rixon, Freeport	
Pious Ali, Portland	

1. Call Meeting to Order Hope Cahan called Ridership Committee meeting to order at 4:01 pm

2. Public Comment – No public comments for items outside of the agenda.

**3. Approval of Meeting Minutes** - Ed Suslovic motioned to accept; Seconded by P. Lohomboli, approved unanimously

#### 4. Ridership and Fare Revenue Update

Mike Tremblay provided overview of ridership and fare revenue through mid-September 2023. Ridership continues to be strong, especially with schools returning. Fare Deal ending at the end of September presents challenges to ridership and passenger understanding.

E. Suslovic asked what efforts we are making to market Metro to USM, Maine Med, etc. since they have free rides on all routes. Staff will discuss this at a future Ridership Committee meeting.

M. Barter asked if Route 7 schedules will be made available in advance of implemetation. Staff explained that draft schedules are already in development for planning and budgeting purposes, and will be developed further before a public process in Falmouth in the months leading up to implementation.

#### 5. November 2023 and Calendar Year 2024 Service changes

Mike reviewed service changes planned for November 2023 (minor changes to Route 3, Route 5, and Husky Line) and in 2024 (Route 7 extension to Jetport and microtransit implementation).

#### 6. Service Changes on Route 1 in Munjoy Hill

Mike presented information on service changes to Metro Route 1 serving Munjoy Hill, specifically the removal of service from Atlantic Street and the south side of Eastern Promenade.

E. Suslovic asked about ridership at the new stop vs. the old stops. Staff explained that, when this change was made temporarily in 2022, ridership at the Congress/Emerson stop was quite strong, while ridership at the removed stops have historically been lower than other stops along the route.

#### 7. Bus Shelter Prioritization

Mike presented information on the process for installing a bus shelter, which is usually based on available space and buy-in from the host community. With more shelters being procured in the next few years, installation locations will be prioritized based on boardings and mobility needs.

E. Suslovic asked if advertising at shelters pays for the maintenance of the shelters themselves.

H. Cahan asked when the Pulse office will be reopened to the public. Staff noted that it will likely be reopened in a lesser capacity than in the past, due to security concerns and staff needs at the office.

#### 8. Future Agenda Items

Hope ran through potential agenda items and noted that some items had been removed, including a Rock Row agreement and the subject of a UNE pass program. It was also noted that discussion of a Route 7 extension to Yarmouth should be discussed in a future agenda item.

#### 9. Upcoming Meetings

- Board of Directors September 28, 2023
- Finance Committee October 4, 2023 (rescheduled to October 11)
- Executive Committee October 11, 2023
- Ridership Committee October 18, 2023

#### 10. Adjournment

Ed motioned to adjourn. Merrill seconds. Unanimous decision to adjournment at 5:32 pm September 20, 2023 | 4:00pm -5:30pm

# DRAFT

- Executive Committee October 11, 2023
- Ridership Committee October 18, 2023

#### 10. Adjournment

Ed motioned to adjourn. Merrill seconds. Unanimous decision to adjournment at 5:32 pm

#### AGENDA ITEM 4

DATE October 17, 2023

#### SUBJECT

Gorham-Westbrook-Portland Rapid Transit Study

#### PURPOSE

To inform the Committee on the current status of the Gorham-Westbrook-Portland Rapid Transit Study and, if appropriate, recommend endorsement of the path to the Locally Preferred Alternative to the full Board.

#### **BACKGROUND/ANALYSIS**

The Greater Portland Council of Governments (GPCOG), working with their consultant, Nelson\Nygaard (NN), is working toward a Locally Preferred Alternative (LPA) for the Gorham-Westbrook-Portland Rapid Transit Study. To date, the team has analyzed the opportunities, constraints, and markets of the region; developed ideas and concepts for rapid transit agnostic of mode, and are currently evaluating four possible alternatives for the rapid transit route. Each possible rapid transit route is located along existing roadways, meaning that the eventual rapid transit route will be Bus Rapid Transit (BRT), operated by Metro.

The team hopes to determine an LPA for the study so it can advance through one or more federal funding opportunities.

The project team, in coordination with Metro, are analyzing two of the possible route alternatives more closely and working through some design assumptions in Westbrook and Portland. GPCOG will provide the Committee with the current status of the study. If the Committee feels comfortable with the approach to reaching an LPA, staff may ask for a recommendation of this plan to the full Board.

#### **FISCAL IMPACT**

This item is for information and discussion.

#### RECOMMENDATION

Possible endorsement of the plan to the full Board

#### CONTACT

### **AGENDA ITEM 5**

DATE October 17, 2023

SUBJECT Ridership Update

#### PURPOSE

To inform the Committee on ridership trends and opportunities

#### **BACKGROUND/ANALYSIS**

September 2023 marked the last month of the Fare Deal, which reduced all fares on Metro, South Portland Bus Service, and Biddeford Saco Old Orchard Beach (BSOOB) Transit by half. September is also historically a strong ridership month due to fair weather and the return of students to schools, a significant ridership generator for Metro.

September 2023 was, as expected, a high-ridership month, with over 173,000 trips. This was comfortably the best month since January 2020. Ridership recovery compared to 2019 was 85%. October ridership is on pace for about 175,000 trips and a ridership recovery rate of about 83%.

**FISCAL IMPACT** This item is for information and discussion.

**RECOMMENDATION** This item is for information and discussion.

### **AGENDA ITEM 6**

DATE October 17, 2023

#### SUBJECT

Capital Improvement Plan update

#### PURPOSE

To inform the Committee on updates to the Capital Improvement Plan

#### **BACKGROUND/ANALYSIS**

Metro maintains a Capital Improvement Plan (CIP) so that we can plan large capital purchases, seek grant funding, and keep local match obligations as low and consistent as practical. The CIP, which is a part of Metro's operating budget that will be presented at the October Board meeting, includes capital purchases related to:

- Planning and programs
- Facility maintenance, acquisition, and construction
- Vehicle maintenance and acquisition
- Bus stop improvements
- Technology Integrations

### AGENDA ITEM 7

DATE October 17, 2023

#### SUBJECT

ARPA-funded project update

#### PURPOSE

To inform the Committee on Metro's ARPA-funded service improvements and projects

#### **BACKGROUND/ANALYSIS**

Metro is working on implementation of several American Rescue Plan Act (ARPA)-funded projects and service improvements. These include:

- Extension of the Husky Line to Portland's Eastern waterfront, expanded Route 9 and BREEZ service (Implemented August 2023, ongoing)
- Launch of microtransit in Falmouth and Route 7 extension to Jetport (expected May 2024)
- Transit Signal Priority on Forest and Washington avenues (expected fall/winter 2023)
- Transit Stop Access Project bus stop improvements (construction 2024-2025).

Attachment A: Ridership Committee slide deck

**AGENDA ITEM 8** 

DATE October 17, 2023

#### SUBJECT

Consideration of 2024 Service Changes

#### PURPOSE

To discuss possible 2024 service changes related to underperforming route segments and budget capacity.

#### **BACKGROUND/ANALYSIS**

Metro routinely monitors ridership, including boardings and alightings by stop, throughout our network, and flags underperforming segments. Route segments may be underperforming for several reasons, including frequency of service, lack of pedestrian and transit infrastructure, lack of density, and/or lack of ridership generators such as jobs, retail, grocery shopping, entertainment venues, etc.

Because Metro is funded partially with local contributions, Metro flags underperforming route segments for discussion with the Board and Ridership Committee so that we can receive feedback on how to proceed. Route segments with low ridership can cost the host municipality significantly more than the passenger fare. The underperforming route segment may be best served by a different route, a different service type (demand-response, microtransit, etc.), or eliminated. Other measures Metro can take are to reduce service to periods where ridership is highest, or improve service so that transit is more viable and to encourage transit-oriented development, where feasible.

The segments Metro has identified as underperforming are:

- The "loops" in Falmouth, which are slated to be replaced with microtransit in 2024
- The Pride's Corner loop in Westbrook, currently served by every other Route 2 trip
- The spur on Route 9B to West Falmouth, which adds significant running time to what is otherwise a counterclockwise circulator around Portland

The region's Transit Together study, which was published in January 2023, recommends elimination of the Falmouth loop to Oceanview as well as the Pride's Corner loop. Metro is also investigating the possibility of service reductions along Route 3 to every 60 minutes, which was also recommended by Transit Together as a way to allocate resources to routes with more ridership potential. Finally, Metro is exploring restoring a summer schedule on the Husky Line that would reduce frequency to every 60 minutes when USM is not in session.

# GREATER PORTLAND METRO BOARD OF DIRECTORS

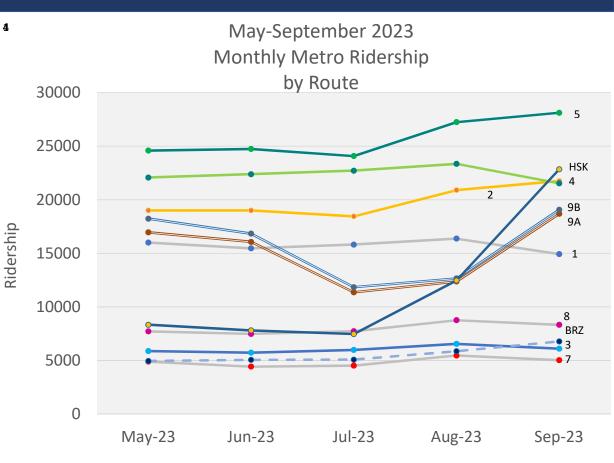

**Ridership Committee** October 18, 2023

# Item 5 – Ridership Update

# **Ridership Update**

- September highest ridership since January 2020
  - +35% YOY, 86% recovery rate
  - 173,000+ rides
- October ridership strong
  - On pace for 175,000+ rides, 84% recovery rate, +36% YOY
  - Fare Deal no longer in effect
- All routes had 3-year ridership highs in August and/or September

# Item 5 – Ridership Update Ridership Update

# Item 5 – August Ridership

Fare Deal Ending

- Fare Deal ended 9/30/2023
- Very few complaints and fare box disputes

# **Return to Regular Fares** Effective October 1, 2023

Metro, BSOOB Transit, and South Portland Bus Service

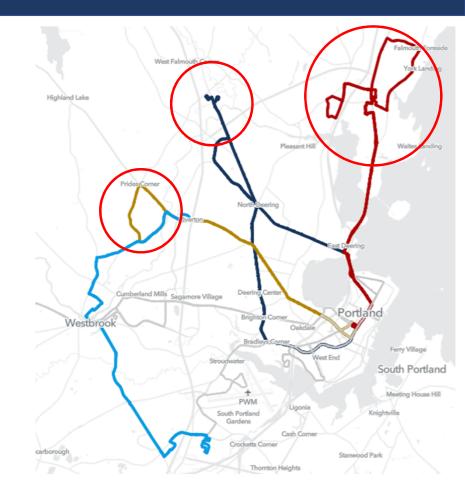

More Info and FAQs -- Dirigopass.org

# Item 7 – ARPA Project Update Project Progress

Project	Current Status	Completion/End Date
Fare Deal	Ended	September 30, 2023
Service Improvements		
Frequency/span improvements on Route 9, BREEZ frequency improvements, Husky Line extension to Portland Eastern Waterfront	Implemented August 27	Year-end 2025 pilot project end date; successful improvements
Microtransit and Route 7 extension to Jetport with span/frequency improvements	Implementation May 2024	will need alternative funding
Transit Signal Priority	Vendor selected	Installation fall/winter 2023
Transit Stop Access Project	Preparing Bid Book	Construction 2024/2025

**Underperforming Route Segments** 

- Metro evaluates ridership at outlying route segments to ensure costeffectiveness
- Four areas of low productivity
  - Falmouth "loops"
  - Pride's Corner loop in Westbrook
  - West Falmouth
  - Route 3
- Low-ridership route segments cost host municipalities more money per trip

**Underperforming Route Segments** 

# Methods to improve productivity (ridership per revenue hour)

- Improve service
  - Make transit more competitive with driving
  - Basis for our ARPA-funded service improvements/projects for pandemic recovery
- Change service type
  - Demand-response may provide better more cost-effective service
- Reduce or eliminate service
  - Not ideal reduces access to transit for existing riders
  - Resources may be better allocated elsewhere in system to reach more riders

**Underperforming Route Segments** 

## Measures being considered

- Route 7 Falmouth Loops
  - Planned for microtransit conversion in 2024
- Route 2 Pride's Corner
  - Consider reducing or eliminating service based on ridership trends
  - Recommended by Transit Together
- Route 9 West Falmouth
  - Consider reducing service based on ridership trends
- Route 3
  - Consider reduced frequency
  - Replace Riverton segment with future microtransit

**Underperforming Route Segments** 

### Measures being considered

- Route 7 Falmouth Loops
  - Planned for microtransit conversion in 2024
- Route 2 Pride's Corner
  - Consider reducing or eliminating service based on ridership trends
  - Recommended by Transit Together
- Route 9 West Falmouth
  - Consider reducing service based on ridership trends
- Route 3
  - Consider reduced frequency
  - Replace Riverton segment with future microtransit
